

# CHAPEL BEACH CLUB - RULES & ETTIQUETTE

Without rules, anarchy reigns!

## GENERAL RULES

 It is **MANDATORY** that members scan their ID cards upon entering. We appreciate your patience if there is a line.

 We are a non-smoking property - **NO SMOKING** anywhere.

 **Opening Time:** We open the Club at **10:00 am**, but **PLEASE** - do not arrive early to "get a good spot". Our intrepid Beach Crew is very busy in the early mornings preparing the Club to open: sweeping decks, cleaning the beach, and other setting-up chores. Your early presence interferes with their ability to do a great job!

**Closing Time:** We close at **8 pm Sunday - Thursday**; at **10 pm Friday & Saturday** nights. This does not mean you start packing up at 8 or 10 pm, but that you are *gone* by these hours. The managers who work at night have usually been at the club all day; they would like to get home, too. We find it's the same people who have to be asked several times to leave, so please, be considerate of our staff and be **OUT** of the club by the "witching hour"!

## ...AND SOME MORE RULES

 Game playing, such as football passing & baseball, is allowed **ONLY** near the ocean or on the public beach. Enough people have been hit in the head with errant passes, so **DO NOT** play amongst the sun worshippers. Also, **DO NOT** bounce balls on the decks or in the lobby, which could drive people "CRAZEE".

 **DO NOT** play with the shower towers - they are for function, not "fun".

 No running on the pool deck.

 No playing in the locker alleys! Our locker alleys are now equipped with video surveillance - so if your child is "caught on tape" in the locker alleys your membership could be in jeopardy. Ready for your close-up?

 Lifeguards are in charge; you must listen to them at all times. Do not sit in front of the Lifeguard stands.

 No rough-housing in the Kiddie Pool - we have very little ones there and they could get hurt! Older children rough-housing in the kiddie pool leads to injury; they should be in the big pool or the ocean.

 Dropping off unattended children under age 12 is not allowed; for teens, it really is a matter of behavior...so use your judgment wisely.

## BEACH CLUB ETTIQUETTE

 Alcoholic beverages must be covered at all times; Chapel Beach Club cozies and bottle holders are for sale at the front desk.

 Please bus your tables when you are finished eating as a common courtesy. Also, please encourage your children to clean up after themselves as well.

 Please carry your garbage and place **INTO** to the garbage cans when leaving after 6 pm. **DO NOT** place your garbage next to the cans. When left there, the infamous beach cats rip open the bags and spew garbage **EVERYWHERE**, making a nice mess for the morning crew to face.

## PARKING

 There is **ONE** parking pass per family. To park in the main lot, you **must** hang your pass on the rearview mirror. This enables us to see whose car it is in case you're blocking someone. One car per family is allowed in the main lot; any extra vehicles must park in the overflow lot across the street or the public parking lot (next door).

 Remember - "IT IS NOT THE LOT BOYS' FAULT" if there is no parking! Asking to speak with a manager will not improve your lot (pun intended...) Let's face it, if you come down to the club in the middle of a sunny Saturday afternoon or late on Fourth of July, chances are...the lot will be full. This is why we have parking passes, to try to manage the situation.

## GUESTS & GUEST ETTIQUETTE

All guests must be accompanied by a member when entering the club. There is no "dropping off" of guests; the member must be at the club at all times while the guest is there.

All Guests must park in the public parking, not in the main or overflow lots.

Please make sure that your guests understand and respect our rules, otherwise, you'll all be thrown out!

**FAILURE TO COMPLY WITH CHAPEL RULES WILL RESULT IN LOSS OF MEMBERSHIP.**  
**IF THERE IS A RULE THAT IS NOT LISTED ABOVE, DON'T WORRY, IT WILL STILL BE ENFORCED! ☺**
